From the Event Manager

In its 42nd year, Spring Carlisle provides an enormous automotive swap meet, car corral and three-day collector car auction. With the start of our event season expect to find "fresh" merchandise – never seen or picked – ranging from antique, classic and collector cars, new and used parts and generations of advertising, collectibles and memorabilia.

- **For the best results in shopping hit the field in sections or by rows** – marking your map (in the centerfold) as you go. The "outlying" spaces provide highly desirable, diversified merchandise and some of the best deals. Expect the unexpected in your pursuit.
- **Don't be shy!** You join the strongest contingent of vendors, collectors, pickers and flippers in the country. Ask for what you're looking for, it could be tucked away or in a vendor's inventory. Plant seeds today for tomorrow's treasure. Share contact information.
- **Exchange** phone numbers and email addresses; continue business after the event. You are a member of the extraordinary Carlisle Events family – make the most of it!
- **Write down space numbers** of places you were or where you left something to pick up later. Call 717-960-6429 for a FREE Parts Hauling and Taxi Service. Donations to the Chip Miller Amyloidosis Foundation are accepted.
- **Become a vendor.** It's a quick and easy process to sell your overstock from years of collecting. Turn your stock into cash at any of our events. Call to qualify for our multiple space discount programs.

A CARLISLE EVENTS ICON RETIRES

In 1982 Diane Vaughn joined the Carlisle Events team. It was eight years after Bill Miller, Jr. and Chip Miller started the company and it was the same year they purchased the Carlisle Fairgrounds.

Diane came to Carlisle Events with plenty of automotive experience on her resume, having worked at the Harrisburg Chevrolet Zone Office. The Zone Office was the Detroit liaison for all the Chevrolet dealers in the central part of PA from the northern to southern state boundaries. She worked in the Truck Marketing Department and then in the Business Management Department.

Diane first met Bill Miller while working at the Zone and

they became instant friends.

The rest, as they say, is history. Just two months after the Harrisburg Zone closed, she was offered a job at Carlisle Events and has been an integral part of the team ever since.

For the past 36 years Diane has been *the* line of first impressions for Carlisle Events. You've met her countless times at events, be it registering for a vending space, a car corral spot or registering to show your car, truck or motorcycle. From the various locations that have served as Vendor Services over the years to the main office, Diane has been a constant force behind the Millers and Carlisle Events. Part of the fairgrounds will always bear her name –

Diane Drive is the road inside Gate 3.

To some, Diane has been just as much a part of their visits to Carlisle as the events themselves. Join us in front of the Grandstand on Saturday evening to wish her well as she is retiring at the end of this season. As part of the vendor appreciation dinner, we'll be honoring Diane and saying the first of what will be many goodbyes throughout the year. And when you see her, be sure to say hi and let her know what she's meant to your Carlisle experience.

It's hard to say goodbye, but we'll do it for one of the best in Carlisle Events' entire existence! Thank you for a terrific 36 years!

catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

Vendor Spotlight: Retro Radio Restoration

By Mike Frenchek, Retro Radio Restoration

I have been attending the Carlisle shows since 1977 and been a vendor for 16 years. Retro Radio Restoration is a company that restores or converts antique car radios to AM/FM stereo. By me I mean myself, Les (a part-time technician) and my wonderful wife Christine. We take any radio from 1932 to 1982, foreign or domestic, and install new electronics to give them modern features and sound. We can also restore radios to their original specifications. The electronics we use are by Aurora Design, made in Michigan, and not only provide high powered stereo radio, but can also include Bluetooth and a USB port. When parts are unavailable, we fabricate or modify parts in our machine shop. We even do urethane pressure casting of parts like pushbuttons and gears. We don't want you to be merely satisfied, we want you to be delighted!

We attend six of the Carlisle events: Spring, Import, Ford, Chrysler, Truck and Fall. Vending here has enabled us to demonstrate how we can transform the sound of old car radios for our fellow car enthusiasts. Every year we surprise a lot of people about how their radio can be updated while keeping the original look. We currently have a 1964 Chrysler 300 convertible and a 1977 Mercedes 450SL with

converted radios that we usually display in our booth. We used to attend other shows but we get the best return on investment with Carlisle Events. The shows have always been well organized, facilities steadily improved (remember the mud?) and the staff exceptional in providing services. The best part has been meeting customers and connecting with fellow car folk. The true driving force of our hobby is not the vehicles, it's the experiences and stories we share while collecting, searching, restoring and showing them. Sharing our stories demonstrates our true passion for the hobby. Any cars we collect are a dime a dozen compared to the priceless history we have to share; and share we must – with the younger generation.

A few years ago I was concerned that too many people at the shows looked like me – older (gray hair, anyone?). During the last five years I've seen a younger audience, not as casual spectators, experiencing the joy of the hunt for parts and information. Buying online cannot compare to looking through boxes and getting advice from the vendor – some of them *really* know their stuff. Besides, you never know what you will find at Carlisle. Christine and I found a Tiffany stained glass window! When guests ask where we got it, we answer "at a Carlisle car show."

Many vendors and attendees often bemoan the fact that the shows aren't what they used to be. Heck, the hobby isn't what it used to be! It is a victim of its own success, some say. Many cars are now priced way out of the beginners' budgets (and many seasoned collectors').

Someone proffered that our generation didn't develop our kids' interest in cars. That may be because the overly restored vehicle became "Daddy's car. Don't touch it". Then when Dad passes away the kids sell the car because Dad didn't involve the kids or share stories. We need to involve our kids in our passion!

The internet is an efficient way to buy *some* parts, but you miss the important part of the hobby, the people. Christine and I have made so many new friends at the shows and love the experience this venue has to offer. The hobby can and needs to be revived and can only be done by fellow collectors. Those of you attending the shows, encourage your friends who have drifted away to return for the comradery. Strike up a conversation with a stranger – especially a younger person (that can cover a wide range here); you all have something in common. As you talk about your car or truck, let them see the gleam in your eye and hear the passion in your voice.

Visit us at **IM 36-40** and share *your* story!

GM MUSCLE CAR & TRUCK RESTORATION PARTS

NORTH EAST CHEVELLE

WWW.NECHEVELLEPARTS.COM • SMULLIGANJOHN@YAHOO.COM

By John Smulligan, North East Chevelle

Since the mid-1970s I've had and worked on all types of Chevelles and just about anything Chevrolet had to offer. I used to hit the salvage yards for parts and, back then, there were rows and rows of muscle cars in them. As years went on the availability of those cars lessened. In 1978 a friend took me to Carlisle and I was very impressed with the amount of cars and parts for sale. Vendors were mostly car guys cleaning out their garages as opposed to businesses selling parts. In the 1980s I was bitten by the swap meet bug so I joined in the fun by cleaning out my garage and becoming a vendor. Carlisle had it all – hot food, clean showers and a lot of other car guys selling and trading parts.

In 1988, after a 20-year career as a chef, my hobby turned into a profession. In 1990 I opened North East

Chevelle in an old soda factory where it still is today. We stock parts for most GM A-body cars, Chevelles, GTOs, 442s, Skylarks, Monte Carlos, El Caminos, Camaros, Firebirds, Novas, Impalas and more. More recently we started a truck division. We've expanded our product lines to keep up with demand. I never dreamed I would be selling new Chevelle, Camaro and truck bodies.

Carlisle has always been a showcase for new products, with the Manufacturers Midway, seminars and special displays. It's always fun to see the display of new and improved products that ARMO puts on in front of the stage. I always enjoy meeting the special guests, too! I've had the privilege and pleasure to have met Grumpy Jenkins, Zora Duntov, Miss Hurst-Linda Vaughn, Jungle Pam, Kenny Youngblood,

George Barris and countless others.

Another one of the great things about Carlisle is that a lot of my vendors deliver here, which enables us to pass on some great specials to our customers. I always try to have things on hand that I believe customers will be looking for such as weather stripping, sheet metal, interiors, car detailing products, exhaust kits, etc. I keep in mind that people come to events like this to find great deals – that's what it's all about!

Within the next few months, I'll be adding photos from my 26,000 sq. ft. warehouse to my website. It is packed with consoles, seats, steering columns, big blocks, small blocks, 12 bolt rears, radios, carbs, 4-speeds and more. I probably have whatever you need to finish your restoration project.

REVITALIZATION OF CARLISLE'S FORMER IAC SITE

The site of the former International Automotive Components plant, located along Spring Road a few blocks from the Carlisle Fairgrounds, closed in 2008. Carlisle Events purchased the property and has undergone several years of clearing the land, planning, cutting through red tape and is now in the beginning stages of construction. The first phase of the project is the infrastructure – roads, storm water runoff, sewage, power and water lines, etc. By the end of this event season we expect to see some buildings take shape to include a hotel, shops and a car condominium community (Concours at Carlisle – see below). We are very excited at the progress and will include updates in this year's event guides.
