GENERATIONS OF RESTORATION, STYLE & PERFORMANCE!

TopFlightAutomotive.com • 833-4TopFlight

Welcome to Corvettes at Carlisle 2020! If you are reading this, then my number one priority is to THANK YOU! This has been a year like no other and you have chosen to show your support by attending our event. There is no way to genuinely thank you for that support, so we will do what we do best and that is ensure that each of you leave with a positive and memorable experience!

COVID-19 has been one of the most unprecedented events of our lifetime. It has affected how we do business and how we manage our events overall.

You will see some changes as you traverse the grounds this year. We have installed plenty of handwashing stations for our guests, we have created an all-new food court layout, our buildings have a new travel route, customer service stations are a little different and we have covered the grounds with signs reminding our crowds to social distance when possible. Our team has worked extremely hard to follow all CDC guidelines and the PA Department of Health to make this year's event possible. We know it's not a "normal" year. At the end of the day, we are here for the love of the Corvette and the friends we make through this incredible hobby!

You will also notice some changes in our activity schedule. Please take a moment to look through this directory and the schedule so that you are sure not to miss some of the new events happening this year! There's an all-new exhaust competition. Buckshot Corvette is here with driver Larry Lombardo signing autographs and answering questions. (We'll even get Buckshot out and about as he parades the grounds making some noise along the way!) Paul Koerner is keeping us going with his new drive-thru diagnostics, a LIVE auction with some amazing items at the stage benefiting the Chip Miller Amyloidosis Foundation and visit with Team Chevrolet for a live, virtual session and Q&A.

In addition to the newly added activities, let us not forget the Corvettes at Carlisle traditions! Chip's Choice and our 50th Anniversary displays are back and feature some amazing Corvettes. We have teamed up with our friends at Bloomington Gold and they have provided us with a display of incredible Benchmark Corvettes that together assemble the Chip's Choice "Best of Bloomington Gold" display in Building T. The 50th Anniversary display pays tribute to some beautiful 1970 Corvettes and can be found on Duke's Boulevard. You don't want to miss these incredible cars!

LANCE MILLER AND JODI MORRISON

Whether you're refining your track skills or a beginner that just wants to see what your Corvette can do, visit the Cumberland Valley Corvette Club and get your wheels on our AutoX Track! No experience necessary to try it out and it's a great way to see what you can do! Saturday will host the top times in a Shoot Out, sponsored by Lingenfelter

Performance for title of King of the X!

Last, but not least, a big shout out to our amazing vendors, car corral and Midway sponsors. There truly wouldn't be a Corvettes at Carlisle without their continued support. It's been a rough year for most businesses and we are grateful that they were able to be here with us. Please, spend some time visiting with our vendors. You never know what treasure you may find!

Again, we are thrilled to have you here! Please have a great time and be safe! When the weekend is over, let us know how we did by taking our online survey. We can't improve without knowing what YOU want! Thank you for your support and don't forget to mark your calendars to join us again next year; August 26-28, 2021!

Life is good!

Being an event promoter is typically the best job on earth. I truly enjoy what I do! This year has proven quite challenging due to COVID-19 causing many governmental restrictions on businesses and individuals alike. Car shows have been a true challenge in today's climate, but our dedicated and hard-working team was eager to continue with our schedule. By instituting the necessary health and safety protocols, consolidating some of our events and canceling some of our auctions to ensure everyone's well-being we are fortunate to have the ability to continue our summer events. I, like many, am hoping we are back to normal sooner than later. COVID-19 has been all over the headlines and has certainly taken a serious toll on many small business owners, employees, family members, friends and most especially, the lives it has taken along the way. More than any other past years, I want to personally thank you for your support! It means the world to my partner, Bill Miller, and I that you are spending the weekend with us.

ELLA AND LANCE MILLER

Ocean City, NJ has proven to be a great place of comfort for my family and I. This is where I grew up and consider "home." For those of you that follow me on Facebook, you've seen that I've taken up a new hobby – fishing! I've learned you can do meetings and conference calls just about anywhere in the world providing you have cell service. Michele, my wife, enjoys paddle boarding and together we are enjoying paddling and kayaking on the Bay. The sunsets have been spectacular! We've been doing our best to enjoy life during these difficult times, and we are fortunate to be able to do it on the water.

Our 11-year-old daughter, Ella Corvette Miller, has been enjoying the water too. She's often enjoying the back bay on a kayak or paddleboard. She's continually bringing her friends over to play, or she heads over to one of her friend's houses to enjoy some play time. Like everyone else, most of her sports activities have been postponed but she has grown very fond of horseback riding. It brings her mom and I joy to see the smile on her face when she is riding. Hmm...I never thought her horsepower would actually come from a horse! I rarely see her take a selfie, but she did just the other day because she wanted before and after pictures of her new braces with pink bands. Ella is very close with Michele and I. We do our best to instill strong values and morals yet try to have fun along the way. I can't believe that the "teen" years are quickly approaching. Where has the time gone?!

This will certainly be a memorable year with the pandemic that hit the world. We've done our best to

spend as much family time together as possible and enjoy one another and the activities we love. I'm in high hopes that next year Lance's Corner will discuss the pandemic in "past tense" and there are no health and safety restrictions.

The Carlisle Events team strives to put on the best car shows in the world and Corvettes at Carlisle is no exception. We've all been faced with significant changes

due to the new state and federal rules, mandates and regulations, but our team has done the best they can to ensure everyone's safety. Safety comes first and we've worked tirelessly to ensure we have a solid plan in place and that our facility is a healthy and safe environment for our guests and team members. Our vendors and sponsors are the heartbeat to Corvettes at Carlisle and we're grateful to have them onboard. Please be sure to support them during and after this event.

Jodi Morrison has been doing an amazing job with managing Corvettes at Carlisle. My sincere appreciation to her. The many Corvettes that are surrounding you on the grounds this weekend is awesome to see year in and year out. We can't thank you enough for being a part of the 2020 edition of Corvettes at Carlisle. It will be one for the memory books!

Corvettes at Carlisle 2021 will feature the 50th Anniversary for the '71 Corvette. If you have a 1971 Corvette that you feel would make a great display car, please let us know by visiting our website and submitting your information. Chip's Choice theme next year will be Corvettes owned by American Heroes. Our American Hero theme will honor those that served our country in any form of law enforcement. Whether it is a local town, city or at the federal level- if you have protected our great country- we want to honor YOU! Corvettes at Carlisle isn't all about the cars, it's about the people that drive and enjoy them. Our hats are off to these American Heroes and we look forward to honoring your cars in 2021. If you have a Corvette and have served in law enforcement, please submit your information on our website at <http://carlisleevents.com>. (All display applications will be available after the 2020 event!)

We appreciate you joining us for this year's Corvettes at Carlisle. We're grateful you've chosen to spend your weekend with us – enjoy!

ABOUT CHIP MILLER

CHIP MILLER

Chip Miller was known worldwide for his resilient positive attitude, his passion for Corvettes, his tremendous personal Corvette collection and for creating the grandest Corvette event anywhere on the planet – Corvettes at Carlisle. In December 2003, Chip was diagnosed with a little-known disease called Amyloidosis. Sadly, due to complications from the Amyloidosis, the world lost an incredibly special human being on March 25, 2004. Had Chip and his doctors been aware of

the symptoms of the disease when they first presented, this legend might still be with us today.

OUR MISSION

The mission of the Chip Miller Amyloidosis Foundation (CMAF) is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures.

WAYS TO SUPPORT CMAF

Your support of CMAF is greatly appreciated. Some ways you can contribute during Corvettes at Carlisle are listed below. Please visit our website, www.chipmiller.org, for additional fundraising events that take place throughout the year.

- **LIVE AUCTIONS** – Friday and Saturday at 11 AM at the stage we will hold live auctions, giving all proceeds to CMAF.
- **2020 CORVETTE SWEEPSTAKES** – One lucky winner will be the new owner of a beautiful red 2020 Corvette Saturday evening. See the car and get a ticket at the CMAF Tent (and Guest Services).
- **INSTANT CASH TICKETS** – Try your luck at winning cash by buying instant cash tickets at Guest Services
- **CHIP'S CIRCLE** – Join Chip's Circle at next year's Corvettes at Carlisle. It includes reserved parking on the Fun Field, special goody bag, awards and several other perks. Call Jodi at 717-243-7855 x113 for more information.

CHIP'S CHOICE DISPLAY

Chip's Choice is an annual display in Building T that showcases the best-of-the-best in the Corvette hobby; each year with a different theme. It is named after our late company co-founder

and National Corvette Hall of Famer Chip Miller.

Bloomington Gold, to be held Sept. 11-12 in Indiana this year, is known as the Grand Daddy of Corvette events. For this year's Chip's Choice theme, we're pleased to showcase the "Best of the Best of Bloomington Gold." Bloomington Gold President Guy Larsen and Event Director Bill Locke hand-picked Corvettes that have made an impact not only within the hobby but at their prestigious event.

CHIP'S CHOICE #391

**1961 CORVETTE CONVERTIBLE 283/270 HP RPO468
BENCHMARK AWARD - 2017
JOHN KEANE**

John became the second owner of this 1960 Corvette in August 1961. He enjoyed it on drives to beach, the tracks and the mountains. One cold wintry Christmas Eve, even though it was dressed with studded snow tires, it had to be rescued by a local fire department. After 44 years he decided it was time for a restoration. It has over 98% of its original parts, however, it took some dedicated prep work to bring it back to its present status.

Honors include: Bloomington Gold SURVIVOR, Gold and Benchmark. NCRS Duntov Mark of Excellence and 5-Star Bowtie (One of four C1's to receive both awards.) MCACN (Muscle Car & Corvette Nationals) Vintage Certified to the level of "Legend".

Created in 1978, Bloomington Gold's judging goal was to enable any Corvette to be a winner, provided it met high standards of authenticity. Gold Certified® would require Corvettes to be judged not against one another, but as to the individual car's level of accuracy compared to the day it left the factory. A Corvette would earn Gold Certification if its condition was within 95 to 100 percent of the way it rolled off the assembly line - no better, no worse. Being 100 percent factory authentic, though, did not mean the car was 100 percent perfect, because Corvettes weren't perfect when they left the factory. A group of judges was assembled from the nation's most knowledgeable Corvette experts and the National Corvette Certification Board was created.

CHIP'S CHOICE #392

**1964 CORVETTE SPORT COUPE 327/375 HP L84
BENCHMARK AWARD - 2014
CHRISTIAN AND CYNTHIA MEYER**

When he was 19 years old, the original owner convinced his parents to purchase a new 1964 fuel-injected Corvette for him (we should all be so lucky). Louis polished it often and only took it out for drives on nice days, until 14 years later when he moved to a rural location with a dirt road. He couldn't endure the thought of driving it on a dirt road, so he reluctantly sold it. With the assistance of a few subsequent like-minded owners, the car was preserved in its current condition.

CHIP'S CHOICE #393

**1966 CORVETTE CONVERTIBLE 427/425 HP L72
BENCHMARK AWARD - 1991
LINDA STROHM-DUNLAP**

Linda's late husband, Carl Strohm, purchased this original, unrestored 1966 Corvette in 1980 from its original owner.

In 1991, the car was displayed at the Bloomington Gold Special Collection, where it also received Gold Certification, SURVIVOR and Benchmark awards. In 2016, it returned to Bloomington Gold for the 1966-2016 50th Anniversary display. Additional awards include the NCRS Duntov Mark of Excellence and 5-Star Bowtie.

CHIP'S CHOICE #394

**1967 CORVETTE CONVERTIBLE 427/400 HP L68
BENCHMARK AWARD - 2016
LARRY SACHS**

This Corvette is optioned with speedminder, shoulder harness, transistor ignition, factory side exhaust and a 370 rear axle. The car was purchased in November 1966 by Thomas Bleauskas. After a long ownership, Bleauskas sold the car to the late Dana Pope, a very well known, astute, respected local Corvette enthusiast. After a few years, Pope sold the car to Peter Borchert. During Peter's ownership from the late 90s he bravely and neatly removed the original gas tank sticker. After a few years of ownership, Borchert sold the car to its current owner 15 years ago. The car showed 31,000 original miles and has only been driven 4,000 miles since then.

The car received numerous NCRS Top Flight awards and the Bloomington Gold Benchmark Award.

327/350 HP L79 through the M20 4-speed transmission, 3.55 Positraction Rear Axle, and Off-road Exhaust. Notably optioned, including rear window defroster, speed warning indicator and full transistor ignition, and wrestled (Thomas bought the car in 15 seconds!) from the personal collection of Kevin Mackay, this four owner, highly original all lacquer coupe's time capsule condition belies its 55,000 northeast miles. The Corvette still rides on OEM PT6 F70-15 Goodyear red striped tires and sports a set of 1968-only PO1 full wheel covers. During the past year, and within a whirlwind three month span, (which has to be a record) the Corvette received an NCRS Top Flight, the MCACN Concours Gold and Triple Diamond, and Bloomington SURVIVOR, Gold Certificate and Benchmark awards.

CHIP'S CHOICE #396

**1971 CORVETTE COUPE 454/425 HP LS6
BENCHMARK AWARD - 2000
LINDA STROHM-DUNLAP**

Linda and her late husband Carl purchased this Corvette in 1973. Despite the gas price war and big block Corvettes depreciating, he had to have this car as soon as he heard the reverberating exhaust. Carl knew the LS6 engine was very special, but didn't really know how rare. (Only 188 from a total production of 21,801.)

In 2000 the Corvette was invited to the Bloomington Gold Special Collection, where it received Gold Certification, SURVIVOR and the Benchmark awards. The Corvette also earned NCRS Duntov Mark of Excellence and 5-Star Bowtie awards. The LS6 was featured on the cover of the Vette Vues Fact Book 1968-72 Corvettes and in Corvette, The Legend Lives On 1968-86.

CHIP'S CHOICE #395

**1968 CORVETTE COUPE 327/350 HP L79
BENCHMARK AWARD - 2019
THOMAS ELIAS SUGAR**

For 1990, Bloomington Gold added another milestone judging event: SURVIVOR®. The judging and certification for unrestored Corvettes. "Worn In, But Not Worn Out" became the theme as Corvettes at least twenty years old were judged in four categories for their originality. As with Gold Certification judging, these original Corvettes are not judged against other cars, but reviewed individually against the factory standard.

In 1991, Bloomington Gold introduced the ultimate and most demanding judging goal: The Benchmark® Award. To achieve Benchmark an unrestored Corvette must receive Gold Certification and pass all four categories of SURVIVOR during the same weekend. To date, over 400 Corvettes have received the prestigious Benchmark Award.

CHIP'S CHOICE #397

**1972 CORVETTE CONVERTIBLE 350/200 HP L48
BENCHMARK AWARD - 2012
CHRISTIAN AND CYNTHIA MEYER**

The original owner (Anne) met Elliott Marantette "Pete" Estes, then president of the Chevrolet division of GM, during a reception in 1971. Anne told Mr. Estes of her dream to someday own a Corvette. The following week, a loaner Corvette appeared at Anne's home with instructions to enjoy it for a month, courtesy of Mr. Estes. When Anne returned the loaner Corvette, she indicated her interest in ordering a new Corvette, but only if it was painted black at the factory. The story is unclear as to how Mr. Estes was involved in the process of procuring the only documented factory black Corvette in 1972, but Anne got her wish.

in the 2019 Gold Collection. Other recent awards include NCRS Top Flight and 4-Star Bowtie, plus MCACN Concourse Gold and Triple Diamond. Its entire judging career has been published in CorvetteBlogger.com's popular "On the Campaign Trail" series.

CHIP'S CHOICE #399

**1978 CORVETTE
DAVID GOSS**

1978 marked the first year for the Chevrolet Corvette to pace the Indianapolis 500. Chevrolet announced they were going to build only 500 Pace car replicas. Rumors of this limited production and media attention resulted in many buyers paying above list price. Chevrolet revised production numbers to 6502. This allowed one for every dealer in the U.S. and Canada and a group of track cars.

Pace Car #2487 was one of only 220 four speed cars and was equipped with the higher horsepower L82 engine. The car was sold new at Burns Chevrolet in Idaho and has under 1900 original miles.

The car has been awarded Bloomington Gold Benchmark, NCRS 5 Star Bowtie, and MCACN Triple Diamond.

CHIP'S CHOICE #398

**1972 CORVETTE CONVERTIBLE 350/200 HP L48
BENCHMARK AWARD - 2018
STEVE AND WENDY BURNS**

This 1972 Corvette was delivered new at Lloyd Bridges Chevrolet in Chelsea, Michigan on July 28th, 1972 finished in Targa blue paint, black vinyl interior, and a black top. Power comes from the base L48 engine backed by the M20 4-speed transmission. Options include a vinyl hardtop, power brakes, AM/FM stereo, and tilt/telescopic steering column.

This 5-owner car remains largely unrestored and shows just over 31,000 miles. It retains nearly all of its original paint, interior, top, and chassis components.

To date, the car has claimed some of the top awards in the Corvette hobby. After a Bloomington Survivor award in 1992 it claimed Survivor, Gold, and Benchmark honors in 2018 and participated

CHIP'S CHOICE #400

**1990 CORVETTE ZR1 S/N 00019
RICK HENDRICK**

The ZR-1 Corvette was a performance icon of the '90s, with the high-tech muscle to back up its supercar reputation. Despite its low build volume - a total of 6,939 cars were produced between 1990 and 1995 - this is the car that helped reestablish the Corvette as a legitimate world-class performance car. It's a distinction the Corvette hasn't relinquished since.

This 1990 ZR-1 is car #19 built and was delivered personally to Rick Hendrick by Jim Perkins at the Bowling Green assembly plant. This historic Corvette was bestowed with Bloomington Gold 7 Generations honors as well as being a 2012 Great Hall Inductee. The ZR-1 looks like a Corvette. There's that unmistakable shape but with a notable difference - both in styling and engineering.

The ZR-1 featured a three-inch wider rear track, necessitated by its oversize 315/35-17 rear tires. The change required new doors, as well as a new rear fascia that took a convex shape and included new rectangular tail lamps to distinguish it from lesser Corvettes. Under the hood is what really sets the ZR-1 apart. Unique to the ZR-1 is the LT5 engine developed jointly with Lotus and built by Mercury Marine. This 5.7-liter aluminum, 32-valve V8 was ahead of its time and produced an impressive 375 horsepower in 1990 famously assigning the moniker "King of the Hill" to the ZR-1 Corvette. The ZR-1 quickly became the fastest production Corvette GM had ever built in the model's history reaching a top speed of 180 mph and today is a highly coveted member of the Corvette community.

In the future, we'll probably look at 2020 as the year we'd all like to forget. But, since we are still living this Groundhog Day lifestyle, let us reflect on 50 years ago; 1970. This year we spotlight Corvettes of 1970 and that means year three of production for the C3. For the '70 version, fender flares were designed into the body contours to reduce wheel-thrown debris damage. The exhaust outlets were made larger and transitioned from round to rectangular in shape, there was a ZR1 package introduced as was an all-new LT-1/350 cubic inch small block V8 which offered 370 horsepower. The '70 C3 LT-1 managed the quarter mile in 14.36 seconds at topped 101.69 miles per hour. According to Motor Trend at the time "There is Corvette and there is Porsche. One is the best engineering effort of America, the other of Germany. The difference in machines is not as great as the disparity in price."

The '70 display may also take you back to a younger you, either old enough to be doing your own thing or still riding around with mom and dad – using dad's well-placed arm as a seat belt. Nixon was still a few years removed from Watergate, so in theory, all is good in the White House. In fact, Elvis came to visit in December of that year. Wouldn't you have liked to have been a fly on the wall for that conversation?

1970 offered enough "coolness" that in 2015, CNN posted a gallery of some historic moments from that year. While not all of them, here is a list of a few:

- As space continued to fascinate mankind,

NASA launched Apollo 13 with the intention of a third moon landing but issues during launch meant a crash landing in the South Pacific on April 17.

- Four dead in Ohio – was not just the hook of popular Crosby, Stills, Nash and Young song, it was a sad fact of life. On May 4, members of the Ohio National Guard opened fire on Kent State students protesting the Vietnam war.
- Oh, and for the music fans at the show today, the Billboard Hot 100 singles Top 5 are as follows:
 - 1) "Bridge Over Troubled Waters" – Simon & Garfunkel
 - 2) "Close to You" – The Carpenters
 - 3) "American Woman" – The Guess Who
 - 4) "Raindrops Keep Falling on My Head" – B.J. Thomas
 - 5) "War" – Edwin Starr
- The Beatles released their final album, "Let it Be" on May 8. The release date came just one month after the group's announced break up. Two singers that are now viewed as iconic passed away; Jimi Hendrix and Janis Joplin were both 27 when they died, less than a month apart.
- Moving on to births; actors Matt Damon, Kevin Smith, Melissa McCarthy, Uma Thurman, Shemar Moore and Sarah Silverman were all born in 1970. In addition,

Carlisle Events' General Manager, Scott Amig, and Corvettes at Carlisle Event Manager, Jodi, also celebrate the big 5-0 in 2020!

- A gallon of gas cost \$0.36, the average cost to attend a four-year public school was \$405 per year and \$1,792 for private, the average cost of a new home was \$23,450, a postage stamp was \$0.06, we celebrated our first Earth Day and both 2020 and 1970 both started with the Kansas City Chiefs winning the Super Bowl.
- Cars were a hot commodity but the Boeing 747 also made its first commercial flight across the pond to London.

Oh...and in 1970, August 27-30 was the same then as it is now, Thursday through Sunday.

We happily introduce our 50th Anniversary Display of 1970 Corvettes! See them on the Fun Field on Rows IK and IL along Duke's Blvd. (see map in centerfold).

AUTOGRAPHED C8 DEBUT POSTER

LIGHT PAINTINGS BY JERRY KEEFER

Lights, Camera, Print... Jerry Keefer is a Master at His Craft

Corvettes at Carlisle has featured a lot of unique people, displays and cars since its inception in 1982. While 2020 is unique in and of itself, this weekend's event continues the tradition of cool and unique "Corvette stuff" with a special two-day auction. The auction aims to raise awareness for Amyloidosis and funds for the Chip Miller Amyloidosis Foundation. In doing so, Corvettes at Carlisle and the CMAF have secured some unique items for you! One special offer comes your way twice, once on Friday and once on Saturday! Friday features a vividly real 20X30 Light Painting of YOUR Corvette. You will receive both a session and an incredible finished piece created by Jerry Keefer. The photos will be shot Friday, with the finished product available Saturday. This will be something to display for generations! Saturday offers a limited-edition print of either the C5R Dale Earnhardt Jr., Dale Earnhardt Sr. and Andy Pilgrim 2001 #3 Corvette, or the famed Briggs-Cunningham #3 Le Mans class-winning Corvette from 1960.

So, now that you're aware of the items, let's talk about the man behind the work. Jerry Keefer has graciously donated his services and talents for you and the CMAF. Jerry is an entrepreneur, power engineer, educator and artist who has worked extensively in the power industry since graduating from high school. Jerry is a man of many hats, having served our country with the United States Air Force and Air National Guard as well as working with private companies. Today, he manages the reliability of the power grid for more than 65 million people in 13 states. As if that

wasn't enough, Jerry also co-owns a photography business with his wife, Lori. Together for 21 years, they've used their storytelling abilities to create personal and professional branding images for fellow entrepreneurs and business professionals. From high school senior portraits to their automotive fine art, their work is highly sought after across the country.

Jerry's Light Paintings are a unique and highly complex method of photography where he uses his proprietary techniques to create a series of images of the subject that are then merged into a single photograph that depicts the final image in a way not possible with any other photography technique or style. Jerry is one of a very few photographers worldwide that have perfected the art of Light Painting. His work is highly acclaimed by his clients and in the photography community. In fact, his work is currently on display in two automotive museums.

Be sure to check out Jerry's work via his web page, www.KeeferFineArt.com and learn more about his passions, including the Boyertown Museum of Historic Vehicles where he currently serves on the Board of Directors. In this role, he helps enhance and improve the museum attendee experience, research and preservation of automotive history and find ways to attract the younger generation to the rich history of the museum and its display contents.

Support the CMAF this weekend and bid with total confidence, knowing that your dollars are going to a great cause and for these prizes, you're getting an AMAZING return on your investment.

All proceeds of the two live auctions goes to the Chip Miller Amyloidosis Foundation.

JOHN WORKING ON HIS "BUCKET LIST"

JOHN PRZYBYLA AND HIS DAUGHTER MARIE SPANGLER

A 46-Year Family Restoration Project

By Michael Garland, Carlisle Events

Every summer, guests flock to Corvettes at Carlisle in droves to show off their Corvette or see the thousands of Corvettes that are on display. If you are here to look, it's fair to assume that one (or more) of them catches your eye for one reason or the other. If you are here to show your Corvette on the Fun Field that automotive relationship you have may be deeper than what the guests can see. Your love is more than just the car. Your Corvette has history, stories and family ties that make you part of the Corvette and the Corvette a part of you.

This weekend, we are pleased to welcome John Przybyla and his family to Corvettes at Carlisle. John is from Johnstown, Pennsylvania and has been coming to Carlisle since 1975. We first heard about John from his daughter Marie via our Corvettes at Carlisle Facebook page. She shared a great story about his Corvette. The story embodies what we are all about at Corvettes at Carlisle and who better to share that story than Marie herself.

"When my father, John Przybyla graduated from high school, a buddy got a brand-new Corvette and my father vowed that one day he would have one too. His opportunity came in 1974. My father was driving from Hagerstown, MD to Waynesboro, PA when he spotted a 1959 Corvette sitting alongside Foose's Garage. The car was there because some friends would work

together to repair it after races. Dad immediately asked his brother-in-law to stop so they could look at it. The car had no motor because it had gotten blown up while drag racing and the hood had a hole cut in it for the blower that had been sticking out of it. The guys agreed to sell my dad the car. I was six at the time and a "daddy's girl," so I kind of grew up with and in that car.

Dad hauled the car back to Johnstown where we lived and found a 283 motor for it and started to get the car road ready. Having one daughter and another on the way was financially strapping so my father put the car together the best he could. He always put his family first, but still kept his dream alive. Each year he would go to Corvettes at Carlisle and buy parts for the day when he could restore the car properly. As a family though we enjoyed driving the Vette as she was. Some people called her a rat rod but to me, it was just dad's Corvette. Mom and dad's Corvette fever continued, as they joined the Flood City Corvette Club and were very active. While dad was at work, mom would fire up the car and take us for picnics to local and regional state parks. While far from restored, the car ALWAYS turned heads. Dad's dream remained to one day fully restore the car and his desire grew a little more after discovering a blue color under the taillights. Assuming its original color was blue with black interior, dad would always tell his buddies

JOHN STRIPPING LAYERS OF PAINT AND RESTORING HIS CORVETTE

JOHN'S RESTORED 1959 CORVETTE

(or 40+ years) that one day he would restore the car. They just kept saying 'sure.'

As my parents aged mom finally told dad that it was time to get to work on our bucket list. Of course the Corvette was at the top of this list! Dad found a body shop to paint his Vette, but to keep the cost down my fiancé and I along with Dad did as much as we could to strip the car down. In October of 2015 dad brought the car to my place in Boonsboro, MD and we got started. From overhauling the engine to stripping the paint, I felt so blessed to have been able to help and share in this experience with my dad. It was always pretty clear that someday the car would be mine, so that made it extra special!

After stripping the car down, we realized that under layer after layer of paint was its true original color; white...and the interior was blue! Our next move was to take the car to a body shop. The experience was horrible and cost us a lot of money for next to nothing. The lack of professionalism from the shop owner cost us three years of project time.

Once we got the car back and after a lot of research, I connected with Zayne Finney in Hancock, MD. Zayne wasn't able to do the car himself, but said he would personally help me find the right guy to do it. His efforts led us to Dave Cauffman and he turned out to be the perfect fit for us. We brought the car to the Hagerstown area

to get restored. Dave did such an amazing job as did Joe Nolan, who worked on the interior and the rag top. Both guys knew Gordon Foose and were familiar with his garage. Joe even thought he might have dad's original hood with the hole in it. What a small world.

On March 27, 2020 dad FINALLY got to pick up his Corvette; IT WAS DONE! I think he is still in disbelief that it's actually finished. Factor in the damper that the Coronavirus has put on everything, and its debut wasn't met with much of a bang...more of a fizzle. With everything being cancelled to date, we are excited about the prospect of showing it off at Corvettes at Carlisle. This is the first time that dad really gets to show off his dream.

With dad turning 80 this year, he has transferred ownership to me, but this car is still 'his' until the day he passes. I feel fortunate to have both him and the car to create as many memories together as possible! So many of my memories are at Carlisle with my dad and I am confident that this year will be the best one yet!"

Wow! Marie – thank you for sharing this amazing story. If you're at the event this weekend and you're reading this, swing by Chip's Circle Space IB-33 and look for John and Marie and their fully restored '59. After all, their passion for the hobby, much like yours, is what keeps events like this alive!

In Memory of Elaine Raisner

When you think of Corvettes at Carlisle, you think of Elaine Raisner. She was an incredible person who had a love and passion for the Corvette hobby. Not only was she known as co-chair of the National Corvette Restorers Society (NCRS) Gallery, she was most notably known for her kindness and generosity. It is hard

TIM AND ELAINE RAISNER

to believe but Elaine did not like Corvettes initially way back when she and Tim (her husband) first started dating in 1969. It is a good thing Tim changed her mind and it became something they both loved and enjoyed. Tim and Elaine were together for 51 years, that's a lot of different changes to the Corvette, new technology, new body styles, and bigger engines.

Elaine played a crucial role in many major Corvette shows throughout the years. Her favorite Corvette event was unquestionably Corvettes at Carlisle. In the early years of Corvettes at Carlisle, the NCRS hosted many chapter events. After many years of the show growing, Elaine, her co-chair Frank Stech and co-owner of Carlisle Events Chip Miller decided it was time to create a special collection which embodied the mission and values of the NCRS. The NCRS Gallery at Corvettes at Carlisle was born and 20 years later it continues to display the highest quality of Corvettes each year to display the art and beauty of the Corvette hobby.

Elaine was truly "a boss" as she always went above and beyond running every Corvette event like a well-oiled machine and took charge to ensure the shows ran without a hitch. When you combine all the years Elaine assisted, ran and organized Corvette shows it would include over 40 years of service. If you do the math, she made an impact on thousands of people. Elaine was a strong female pioneer in promoting and further progressing the awareness and community of the Corvette hobby.

Not only did Elaine make her mark in the Corvette world, she was most known for the kindness and generosity she showed others. She always enjoyed Corvettes but what she loved

most was the Corvette community she helped support and build. Elaine would go out of her way to ensure people were included, anniversaries celebrated, and supported others going through challenging times. Elaine spread kindness wherever she went. She was a doer, not just saying "Please let me know if you need anything." Instead, Elaine

always knew exactly what people needed, whether it was bringing someone a meal, arranging a ride for someone to get to a Corvette show, or gathering the community together to support one of our own.

Outside of the Corvette world, Elaine was a beloved mom and wife. She was a positive definition of a "skater mom" waking up as early as 4:30 AM to get her daughter to the rink for early morning figure skating practices. You would find Elaine rink side sewing skating dresses, stoning Swarovski crystals and knitting blankets and scarves. She was also titled the "cool mom" for allowing her son to have all of his computer gaming friends over to have gaming parties. Elaine always wanted to know who her kid's friends were and took many of them in as her own because that is just who she was, a kind and caring soul. Tim and Elaine were married for 43 years and were together for a total of 51 years. Their story is a beautiful one about how love can conquer the challenges of life. Elaine truly was an incredible person.

We want to ensure Elaine's memory continues on. We ask everyone do 2 things. First, continue to promote and grow the Corvette hobby just as she did by volunteering at Corvette shows, serving in your local Corvette groups, hosting seminars, etc. Find a way a way to get involved. Secondly and most importantly, go spread kindness. Instead of saying "let me know what I can do to help," go be a doer, figure out how you can help someone, how you can make someone's day brighter and go do it. Let's all continue what she always set out to do, spreading kindness. Elaine truly was an incredible person and her legacy will never be forgotten at Corvettes at Carlisle.

THE CARLISLE QUEST SCAVENGER HUNT

LANCE MILLER AND THE CORVETTE FEATURED IN THE DOCUMENTARY, "THE QUEST"

LOCATIONS OPEN: FRIDAY & SATURDAY 9 AM - 3 PM

About "The Quest"

Chip Miller loved everything about Corvettes – absolutely everything – and he had a dream. In 1960, the Corvette won its class during the 24 Hours of Le Mans race in France for the first time in history. Chip wanted to obtain this legendary Corvette from the racing team, restore it, take it to France and unite it with its drivers to celebrate the 50th Anniversary of that momentous win.

Finding the car after it disappeared for decades was a great day for Chip and everyone who knew how important it was to him. He had it restored to its race-day glory and was elated to see it come to fruition. Sadly, shortly after this portion of Chip's quest was complete, he was diagnosed with Amyloidosis and passed away in 2004.

Knowing this quest was one of his father's biggest dreams, his son, Lance, saw it through. Award-winning producer and director Michael Brown documented every step of the way. What resulted was an emotional account of Chip's dream, entitled "The Quest." See the trailer online at <https://www.youtube.com/watch?v=PTfr6jaP1zl>.

HAGERTY

In 1984, classic car and boat enthusiasts Frank and Louise Hagerty couldn't find insurance for their treasured wooden boats, so they created their own. In the four decades since, Hagerty has become the global leader in collector car, motorcycle, truck and boat insurance, with offices in the U.S., Canada and the U.K., and has expanded beyond insurance to offer vehicle valuation tools, the award-winning Hagerty magazine, roadside service built for classics and much more.

Everything Hagerty does is built around a passion for cars, and a sincere desire to make the experience of owning classics

better. They do this by offering Guaranteed Value coverage and claims handled by collector car experts, along with content and resources directed at automotive enthusiasts. Hagerty also works to keep car culture alive through their advocacy efforts, including the Driving Experience which teaches young people to drive a manual transmission; the RPM Foundation which funds careers in restoration and preservation; and support of the Historic Vehicle Association's mission to preserve automotive history. KERBECK CORVETTE

A tradition of excellence spanning two centuries ... in 1899, Charles F. Kerbeck, patriarch of the Kerbeck family and grandfather of the three brothers who are the present-day owners, began bringing his dream of providing quality transportation to the growing Philadelphia-area population.

In the beginning, horse-drawn carriages evolved into coaches powered by gasoline engines, which evolved into automobiles. Over a century later, the Kerbeck dealerships include 12 highly successful franchises, 11 different brands, and nine separate showrooms. It is one of the great American success stories.

In the early 1920s, Frank C. Kerbeck continued in his father's tradition by opening an automobile dealership in Philadelphia and later expanded to New Jersey.

After Frank C. Kerbeck passed away in 1968, his wife, along with his eldest son Charles, operated the dealership. Shortly thereafter, Charles' two younger brothers, George and Frank, joined the

BUCKSHOT CORVETTE & LARRY LOMBARDO

A Pennsylvania Racing Legend

It tore up tracks at record breaking speeds in the '60s, now see the legendary Buckshot Corvette in person. A 1961 C2, Buckshot was driven by Reading, PA native and Grammy award winner Larry Lombardo. The F/S Stock '61 tallied a record 12.73 lap time and an even more impressive 107.78 m.p.h. with its win over the Drag'n Wagon as part of the 1968 Nationals at Indianapolis. This win by Lombardo caught the eye of the legendary Bill "Grumpy" Jenkins which then saw Lombardo driving for him thereafter. The rest...as they say, is history. Learn more about Buckshot at the corner of Row 1J and Duke's Blvd. and join the Dress family of Schuylkill Haven, PA as we showcase this vehicle and it's legendary driver, Larry Lomardo.
